2020 TERM 4 EDITION

Respect • Diversity • Personal Best • Courage • Resilience

WE MADE IT! An interesting year to say the least and now, at the end, it's time to reflect on all the great things that have been achieved.

Congratulations to our nine students that completed their SACE in 2020!

WHAT – A – YEAR.

It has been hectic to say the least during 2020 but it hasn't stopped our young people from achieving some great things. We have nine young people that put their heads down this year despite the challenges and have completed their SACE. A great result, well done to you all. A number also came close to achieving their SACE and are now primed to complete in 2021.

The NESPN CLC also saw many students completing SACE subjects. Personal Learning Plan, Essential Maths, Essential English and Research Project all saw good numbers of students completing their tasks and being resulted. We also had some positive outcomes in our non-compulsory subjects with a number of students completing Integrated Learning; Literacy, Numeracy, Ethics, Sleep and Memory, and Music as well as Research Practices.

I'd like to say a big thank you to all the students that attended the site this year and worked hard to complete their assessments despite all that was happening in the background. It couldn't have been easy with the unique circumstances that we faced but you have shown great reliance to continue to attend your classes. Well done!

To the CLC staff I'd also like to extend my thanks. The atmosphere and morale at the CLC was always positive even when facing difficult circumstances. It's always nice to be able to share a workspace where everyone is supportive and happy to be there.

Last but by no means least, I would like to say good luck to the students that are completing their journey with the NESPN CLC. I hope that your time here has added value to your learning experience and serves you into your next pathway.

Enjoy your break! You have earned it. Be proud of what you have achieved this year. Your effort and hard work is inspiring to us all.

Thank You,

Juan Lopez

Student Success

Sophie (right) has shown great dedication, resilience and commitment to her studies in 2020. Despite the many challenges that 2020 has in store for everyone, Sophie surpassed these barriers and as a result has completed her SACE. Sophie's main goal this year was to win a place at Flinders University to study a Bachelor of Nursing. By combining her STAT test results, Flinders University Test results and her SACE, she has been able to secure her place at university for 2021 and achieve her goal.

Well done Sophie!

Tye (left) has had a productive year working on his SACE pathway. He completed stage 2 Research Project and Essential English at the CLC. Tye also attended classes at Marden Senior College including Stage 1 Psychology and Creative Arts – Audio Visual. Tye is planning to continue with Stage 2 subjects into 2021 and has enrolled into Psychology, Modern History and Health and Wellbeing. With the completion of these subjects, Tye will complete SACE next year and obtain an ATAR for entrance into University.

Well done Tye!

Tamika (right) began her journey at the CLC last year after returning from Ireland after living there for almost two years. She has worked hard to complete her SACE this year and completed a Cert II Salon Assistant and a Cert III in Make Up as part of her SACE credits. Tamika was successful with her enrolment in Foundation Studies at the University of South Australia. Tamika would like to undertake a Bachelor in Early Childhood Education and begin a career as a Kindergarten Teacher. Tamika has also gained her Learner's Permit through the short course facilitated at the CLC this year and continues her part time work in the hospitality industry.

Well done Tamika!

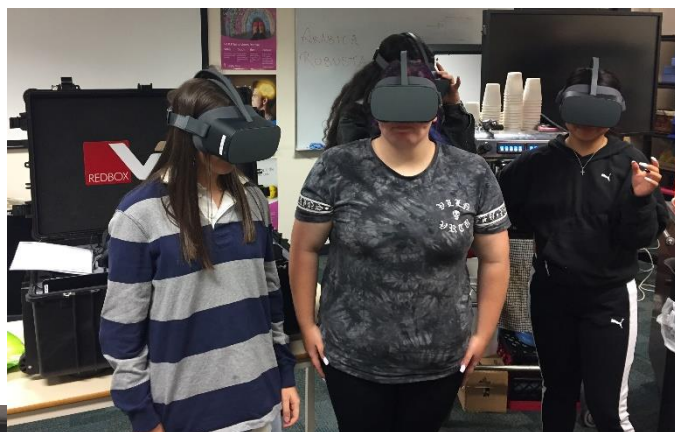

Cert III Hospitality Short Course

This year the NESPN CLC continued its partnership with Complete Hospitality Training Skills (CHTS) who delivered a Cert III Hospitality short course a number of times over 4 terms. Units of competencies that were covered included;

- Use Hygienic Practices for Food Safety
- Prepare and Serve Espresso Coffee
- Serve Food and Beverages
- Prepare and Serve Non-Alcoholic Beverages
- Provide Responsible Service of Alcohol

Close to 90 students participated in the short course over the year gaining a variety of skills and knowledge to help with accreditations and career pathways in Hospitality. CHTS also facilitated their virtual training program where students were able to experience learning through virtual environments. This innovated learning strategy gave students the opportunity to experience different 'real-life' scenarios as though they were right there! This proved to be a fantastic complement to the theory and practical training being conducted.

SACE Subject Completion 2020

With such a big year under their belts, the CLC students were looking forward to a big celebration to finish off in style. The annual NESPN CLC Informal Formal was a great success and students wore their best to impress.

Students enjoyed a good feed and then danced and played games to see the year off with some fun.

Many students received awards recognising their achievements throughout the year, including those that completed their SACE.

It was a great day!
