

Informal Formal End of Year Celebration 2023

The Informal Formal is always a fantastic way to end the year and the sixth iteration of the event was no different.

Students, Staff and Parents/Care Givers enjoyed celebrating the students' achievements for the year with an awards ceremony. Then everyone enjoyed a shared lunch and some shared reflections of the year that was to finish off the day.

Acknowledgments for the day included; Certificate II in Hospitality completers, SACE Completers, Outstanding Effort awards, Personal Best Award and Academic Excellence Award.

Thank you to all those who attended the day!

Coordinator's Recap

What a huge year 2023 has been!

We made it to the end and yet again our young people have shown us what they can do. 22 internal and 2 external students completed their SACE this year, keeping the CLC's streak of high numbers of SACE achievers going. It's an outstanding achievement for our young people with a mixture of ups and downs, hard work and nerves throughout the year. It's always amazing to see the students' determination to push through and reap the rewards at the end. Well done to you all!

At the end of this year, we say goodbye to three of our case managers; Bec, Kurt and Amara. We'd like to thank them all for their work this year supporting our young people and wish them all the best moving forward.

We finished the year with our annual Informal Formal and presentation ceremony. This is the highlight of the year for me and a great day to celebrate the year's achievements including SACE completers, Academic Excellence and Personal Achievement awards amongst others. Well done to all that received awards this year!

For those that have come to the end of their journey at the CLC we wish you the best of luck in your next adventure. It is always bittersweet to see students that have been with us for the past year or more leave for the next step in their lives. I hope that you take something of value from your learnings at the CLC into your future and that helps you moving forward.

For those continuing into next year, we look forward to seeing you all again in 2024!

Have a safe holiday enjoy the well earned break!

History of Cinema

This semester, students of the History of Cinema subject had a great time learning about a hundred years worth of cinematic development! Students have been exploring film both on-screen and behind the scenes, from the silent era through to the introduction of sound/colour, the early tech innovations of the Lumiere Brothers, the introduction of colour and sound, the role awards play, animation and CGI, and blockbuster directors like George Lucas and Greta Gerwig. We finished off the subject with a cinema excursion to Hoyts to catch the latest Hunger Games movie!

Student Success

Max

Max began attending the CLC during Semester 2 and this has proven to be a great environment for him. Max has engaged extremely well in classes and as result was able to complete almost all subjects on offer at the CLC this semester. Max has expressed this style of learning is a much better fit for him and has been able to concentrate for longer periods in classes and then relax more when he returns home.

Georgia

Georgia has had a fantastic year at the CLC in 2023. She completed four VET short courses in Business, Tourism and Hospitality as well as six SACE subjects. This hard work has seen Georgia complete SACE this year which is a great achievement. While working through her studies, Georgia also gained employment in a cafe and will look to complete further study in cookery.

Cameron

Cameron has faced some challenges this year however, he has worked extremely well to continue to engage positively with the CLC. Cameron has completed numerous SACE subjects this year and is a valued member of the site. He has shown resilience and great personal strength when working towards his goals and is not afraid to engage with further supports when required. Cameron has been accepted into a Certificate III in Community Services in 2024 and is looking forward to continuing his learning pathway.
